

NOBLESSE OBLIGE AFFAIR OF THE HEART

MATA HARI

I'm Mata Hari
I'm my own master
I control your mind
And bring disaster

I'm Mata Hari
I'm my own master
Feel your heartbeat
Moving faster

Tell me a secret
Share your power
Be my slave
For an hour

Some will dance
Some will die
I'll do both
I'm Mata Hari

RUNAWAY

Hear me out
Cos the time has come to let you know
I've got to go and make it on my own
I'm moving on
There's nothing you can do

Can't you see? Step back
You should never ever trust these eyes When you see me walking out that door
I told you lies, I'm as cold as ice, Don't start a war, I've heard it all before
So don't you cry I can take no more, this time it is goodbye
Don't shed a tear for me Don't you know?

Let go now Love is nothing but a fantasy
Let go now Oh can't you see, there's no you and me
Let go cos I can't stay, no I can't stay So set me free
I can't stay There's nothing left to say

I've got to run away Let go now
Let go now
Let go cos I can't stay, no I can't stay
I can't stay

I've got to run away

BURN

I cross my heart, my time to learn
My fear I fight, believe in me
I crossed the land of no return
Reach out your hands and you will see

The rotten soul so fast will burn
The solitude the open sea
Eternal life I cannot earn
Open the door and let me be

I built a house, somewhere to hide
A mystery without a key
My only friends are here with me
Forgotten dreams and lunacy

I hold it
I hold it
I hold it
In my hands

CHASING SHADOWS

Stay until the break of dawn
Until cold November's gone
Don't walk away
Don't walk away from me

Face to face, side by side
Wake me with the morning light
Don't turn away
Don't turn away from me

Chasing shadows into flames
Of a fire left to burn
Wake up to another day
Another night another turn
Got no reason to be left
Feeling beaten to the bones
When you're on your own

If I lose my faith in you
After all that we've been through
Nothing left to hold onto
Meet me in the firing line
Where broken hearts beat out of time
Can you feel me falling down?

Chasing shadows into flames
Of a fire left to burn
Wake up to another day
Another night another turn
Got no reason to be left
Feeling beaten to the bones
When you're on your own

BREAK YOUR HEART

Talk to me
In my dreams you talk to me
Even though it's time to part
I keep holding on and on and on and on

Come to me
In my dreams you come to me
You know that you belong to me
Don't let me down

I'm gonna break your heart Down I fall
(Don't break my heart) You make me lose my self control
The way you broke my heart Walls are closing in on me
I'm gonna break your heart I'm breaking down
Don't let me break your heart I'm gonna break your heart
So sad to see lovers part (Don't break my heart)

Razor-sharp The way you broke my heart
Shiny blades cut through the dark I'm gonna break your heart
Aiming for your heart Don't let me break your heart
Hunt you down down down down So sad to see lovers part

VAGABONDE

Emmène-moi au bout du monde
Comme une esclave vagabonde
Enchaîne-moi
Tout contre toi
Jusqu'au sommet d'Himalaya

C'est pas la peine de faire souffrir
ce que tu aimes

Vagabonde

Et quand je danse
À quoi tu penses
Regarde mes hanches
qui se balancent

Touche mon corps
Serre moi fort
Mon garde du corps
Mon matador

C'est pas la peine de faire souffrir
ce que tu aimes

Vagabonde

Et si la mort frappe à la porte
Il faudra bien que je sois forte

C'est pas la peine de faire souffrir
ce que tu aimes

Vagabonde

IN THE HEAT OF THE NIGHT

Fade in
To the heat of
Into the heat of
The night

In the midnight sun
We fade to one
Into the heat of
The night

The tam tam resonates
In my head
Echoes in my dreams
Into the heat of
The night

THE SEVENTH WAVE

Down by the shore our bodies are drifting
Into the void our memories unfold
The seventh wave is coming to save me
Washing away our stories untold

And now my ship returns to harbour
The land of light and rain is where
The seventh wave is coming to take me
I know one day I'll see you there

Calling me
Calling you

VOICES IN MY HEAD

I'm calling
Can you hear?

All these words	Lonely nights
Go nowhere	Turn into
Though you're near	Filthy fights
You're not there	Black and blue
A thousand lies	No more words
Coming through	Silent cries
Losing me	Wounded heart
Losing you	Never dies
No more words	I'm calling
Silent cries	Can you hear?
Wounded heart	
Blinded eyes	Voices in my head ...
Day by day	
Falling through
